Meet Taylor — Fetch Queen & Sunshine Seeker!

Taylor is pure joy in pup form! She's a fetch superstar who lives for playtime and proudly returns every ball with a happy tail wag.

When she's not showing off her skills, you'll find her lounging in the sun, belly up, soaking in all the love and belly rubs.

This one-eyed wonder had surgery to stay healthy, but nothing slows her down! Taylor loves walks, squeaky toys, and making new human friends.

With her big heart, playful spirit, and sunny soul, Taylor's ready to fill a forever home with laughter, love, and endless fetch sessions.

Our Mission Continues

As you know, our mission stands strong; to provide emergency medical care, spay and neuter services, and foster services to offer a safe haven for abandoned and at-risk animals until they find their forever home. With each day, we strive to nurture more wagging tails, chase away more fears, and replace them with purrs and coos of comfort.

Yet, like a puppy in need of training, there are always new challenges to tackle, new ways to improve, and new heights to ascend. And today, we're here with an exciting leap forward!

Did you know your donation of \$600 provides behavioral training for one newly adopted dog and their forever family, paving the way for a successful transition?

A Leap Towards In-House Progress!

We are on a mission! A mission to raise \$300,000 for a new mobile surgical center. With your help, this surgical center will drastically reduce our outsourced spay, neuter, and life-saving procedural costs for dogs and cats in urgent care. That means more hoots of joy and fewer long trips on the road for our furry friends!
